

Yulisa Blok

Aspiring a career in Technology & Innovation • Collaborative • Assertive • Creative

Education

Vrije Universiteit Amsterdam & University Twente

Bsc. Creative Technology
2026

Amsterdam

Graduating July

Weighted average: 7.5

Thesis: Exploring facial expression recognition approach using a Time of Flight sensor and a hybrid rendering approach for facial expressivity in telepresence robots

Extra curricular: Statics, Engineering Thermodynamics, Mechanics of Materials

University Twente

Pre Master Robotics

Enschede

September 2025 – February 2025

Hoge school van Amsterdam

“Propedeuse” Biomedical Technology
Extra-curricular: Consumer Behavior

Amsterdam

September 2022 – Augustus 2023

RSG Brokdele

VWO, Science and Health major, English B2

Breukelen, Utrecht

July 2021

Skills & Interests

Technical: Python (NumPy, Pandas, TensorFlow, OpenCV), Onshape, Processing (dialect Java), Figma, 3D printing;

Language: Engels B2, Dutch;

Interests: Innovation, product development, and interaction between humans and technology;

Previous work

“Interactive solution for individual field trips for high school students”

InnovationLab - Rijksmuseum

- Developed and evaluated an interactive learning system for high school students visiting the museum, enabling independent exploration through play-based activities and improving engagement with the artworks.
- Designed the user interface of the interactive learning system, creating intuitive and visually appealing game experiences for the users.
- Strengthened professional skills by collaborating with a respected client and user group in a real-world project setting.

“Improving posture while performing a deadlift”

- Developed an interactive deadlift correction system that improved users’ posture by delivering visual feedback and suggestions.
- Programmed the system's functionalities, using Python, OpenCV, MediaPipe, and Iriun, to support real-time interaction and feedback.
- Researched the interactivity of the system through user testing and semi-structured interviews, generating insights to improve the user experience and overall functionalities.

Experiences

XPENG Center Utrecht **Junior Product Specialist**

Breukelen
Juni 2025 – present

- Assisted clients throughout the full purchasing journey by handling enquiries via phone or email, guiding test drives, preparing quotations, following up leads, and delivering vehicles.
- Supported sales targets by managing multiple clients simultaneously and building strong customer relationships.

University Twente **Program committee**

Enschede
September 2023-2024

- Served as a committee member, representing student interests in monthly committee meetings by voicing their concerns, answering committee questions, and contributing to discussions on the quality of education and improvement opportunities.

De Zusters **Hostess**

Maarssen
June 2021 – October 2023

- Delivered high-level services in a fine-dining restaurant, supporting the sommelier, managing my own section, and performing effectively in fast-paced and high-pressure environments.
- Managed my own team in the café section during busy shifts, coordinating tasks, ensuring service quality, and supporting the team.

Extra-curricular experiences

Land Rover Club Holland **“Marshall” Trial Commissie**

Nederland
2024 –Present

- Organized events with 60+ visitors and 30+ vehicles for participants through (online) committee meetings, helping ensure successful and well-managed events.
- Built and managed the driving courses, guided participants throughout the activity, and judged performances to ensure a safe, fair, and well-organized event.
- Designed and produced prizes for the tournament winners, ensuring the prizes were cost-effective, producible within the time deadlines, and aligned with the event theme.

Study association Kliché **Activities committee**

- Coordinated events for members by organizing and contributing to online committee meetings, ensuring smooth planning and execution.
- Promoted organized events by designing engaging content and encouraging members to participate, boosting awareness and involvement.

Vrije Universiteit Amsterdam **Study ambassador**

- Hosted a booth during the bachelor open days, informing prospective students by answering questions of the students and parents, and showcasing previous works to help visitors understand the program.
- Hosted students during a student-for-a-day experience, providing guidance and answering questions to help them better understand the program students.
